Fifty-Seven Automotive Training Programs Adopt CCAR's S/P2 in January

CCAR's "S/P2" online training in Safety and Pollution Prevention, which is provided free of charge to automotive training programs, added 57 new schools in January. S/P2 is now available to more than 2,400 schools across the country.

OVERLAND PARK, KAN. – The Coordinating Committee For Automotive Repair announces that 57 new schools registered in January to utilize CCAR's **S/P2** online training in Safety and Pollution Prevention in their automotive training programs.

"Today's students are more aware and in tune to Pollution Prevention and Safety issues than previous generations were, and entry-level applicants look for employers who understand their responsibilities to promote employee safety and protect the environment," said Charles E. Ayers, CCAR Secretary and Manager of Governmental Affairs, Midas International Corporation. "The S/P2 training modules offer students top-notch, relevant, real-world training in an online format that is very user-friendly. As a franchisor with thousands of technicians working in our shops, students who have already been through and passed the **S/P2** training are that much more desirable for us as potential hires."

The new schools are:

- Alice High School, Alice, Texas
- T. Wingate Andrews High School, High Point, N.C.

- Area Technical School, Kansas City, Kan.
- Bear Creek High School, Stockton, Calif.
- Billings Career Center, Billings, Mont.
- Blackfoot High School, Blackfoot, Idaho
- Boyd County Career & Technical Education Center, Ashland, Ky.
- Arthur B. Campbell Educational Center, Plainfield, Ind.
- Clovis Community College, Clovis, N.M.
- Colton High School, Colton, Calif.
- Commonwealth Technical Institute, Johnstown, Pa.
- Davidson County Community College, Thomasville, N.C.
- Delaware-Chenango BOCES Technical Center, Sidney Center, N.Y.
- Dothan Technology Center, Dothan, Ala.
- R.G. Drage Career Tech, Massillon, Ohio
- Edison High School, Philadelphia, Pa.
- Franklin Technology Center, Joplin, Mo.
- Fresno City College, Fresno, Calif.
- Gaston College, Dallas, N.C.
- Grayson County Technology Center, Leitchfield, Ky.
- Idaho Falls High School, Idaho Falls, Idaho
- Independence High School, Elko, Nev.
- Jefferson-Scranton High School, Jefferson, Iowa
- Johnson College, Scranton, Pa.
- Kennedy High School, Bloomington, Minn.
- Lincoln County High School, Panaca, Nev.
- Live Oaks High School, Milford, Ohio
- Louisiana Technical College, Winnfield, La.
- Louisiana Technical College – Hammond Campus, Hammond, La.
- Louisiana Technical College – Young Memorial Campus, Morgan City, La.

- Yucaipa High School, Yucaipa, Calif.

CCAR[®] offers **S/P2** free of charge to automotive training programs, and there are currently 2,432 schools across the U.S. enrolled. **S/P2** was developed by CCAR[®] in line with U.S. EPA and OSHA standards, which require shop personnel and students to be trained at least annually on safety and environmental regulations. For businesses, **S/P2** is available for a \$299 annual subscription per facility. The **S/P2** courseware tracks

technician/student progress through the training, grades tests and is regularly updated as changes occur in federal and state laws.

CCAR, a 501(c)(3) not-for-profit organization, also operates “CCAR-GreenLink®,” the National Environmental Compliance Assistance Center for Automotive Repair, in cooperation with the U.S. Environmental Protection Agency [EPA].

For complete information, visit the **S/P2** web site at www.sp2.org website or call toll-free at 1-866-477-2669.
